

The first Sussex novice diving competition was hosted by Crawley Diving Club at the K2 centre. This has been introduced to try and develop divers in the County and bring them up to a standard which will enable them to progress to compete in the South East Regional Novice competitions.

Unfortunately only divers from Worthing competed which was a real shame as Crawley hosted the competition, but also because it would have been nice for the Worthing divers to have had more competition.

The event went well with coach Liz Fairs entering some of her divers for the first time and for some of coach Hilary Brame's divers it was only their second event.

The results are listed below
