

Worthing Swimming Club Press Release 16/07/2013:

“Worthing's divers show off there skills at county diving competition”
=====

Worthing Swimming Club hosted their first Sussex competition, Sussex Skills Age Groups, at the new Splashpoint pool.

Worthing and Eastbourne Swimming Club entered the competition that is aimed at divers who are just beginning in the sport of diving and is based on Southern Regional conditions so that Sussex have the experience of events at a higher level and will give them the confidence to enter at National level.

The competition covers ages from 10 to 16. Not all ages were covered and shows that we must continue to cover the sport of diving within the county. To try and help the sport on its way Sussex are holding a development day which will include dry land and trampolining and will hopefully encourage young divers in Worthing and other clubs within Sussex.

Worthing divers dived extremely well with some divers competing in their first competition. Results of the Sussex Skills Age Groups are:

Boys 10/11

- 1st Oliver Mason Eastbourne
- 2nd Richard Rempel Worthing
- 3rd Austin Steele Worthing
