

Worthing Swimming Club Rules - Update

- All swimmers **MUST** sign in prior to entering the pool for their session and should wait until told that they can enter the changing rooms.
- Parents should spectate from the café area or the spectator gallery and should **NOT** be poolside, except in exceptional circumstances and for new swimmer trials.
- There should be **NO** photography during sessions, either poolside or in the spectator gallery, without prior permission.
- Shoes must **NOT** be worn in the changing rooms – this is a Splashpoint policy which is not being followed by a number of members.
- Club Members **MUST** pay to use the fun pool before or after their sessions, or have the relevant Splashpoint membership. Access to Club sessions is separate from entry to other areas of Splashpoint.

These rules apply to all Swimming Club sessions. At Wadurs, Shoreham, shoes must also be removed in the changing rooms & the same access to other sessions & photography rules apply.

Many Thanks for your co-operation

Chris Luesley, Head Coach & Swimming Secretary, W.S.C.
